What grade level is your child going to be in for the 2020-2021 school year? Select all that apply.

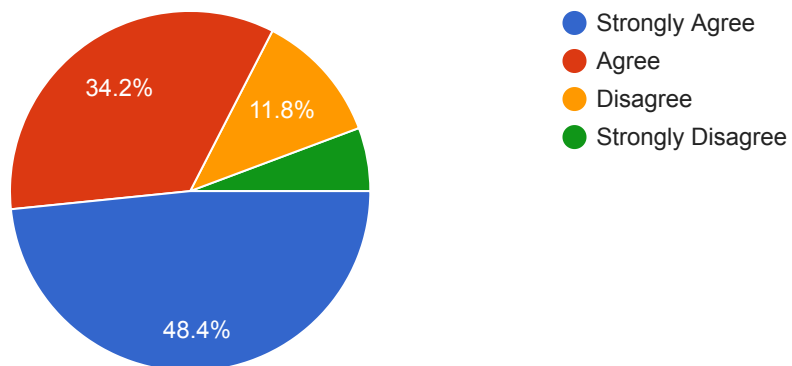

1,089 responses

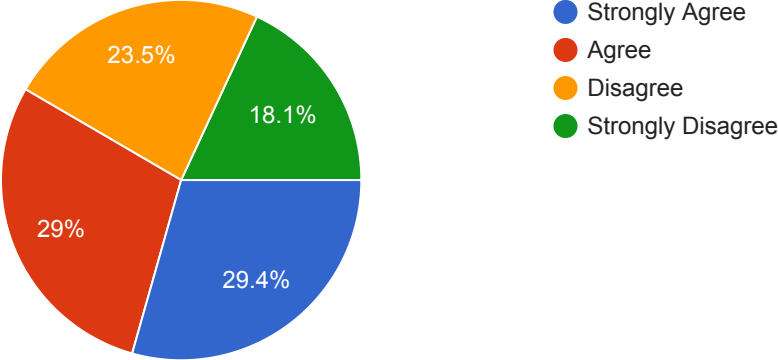

If we are in the Green Phase, I would feel comfortable sending my child/children to school on August 19, 2020.

1,089 responses

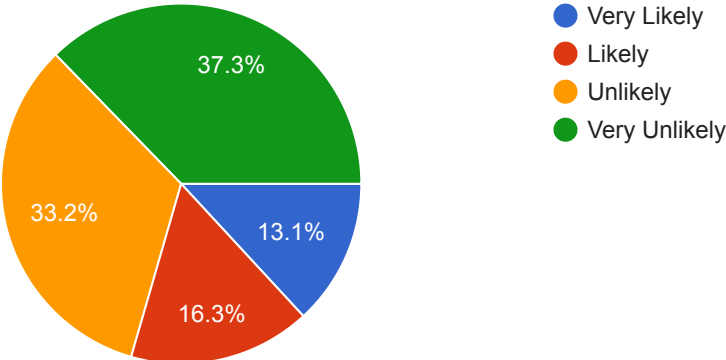

If we are in the Yellow Phase, I would feel comfortable sending my child/children to school on August 19, 2020.

Regardless of color phase (green, yellow, red); if GASD offers a completely remote/online learning option for K-12 students. I would choose this option for my child/children for the 2020-21 school year.

1,089 responses

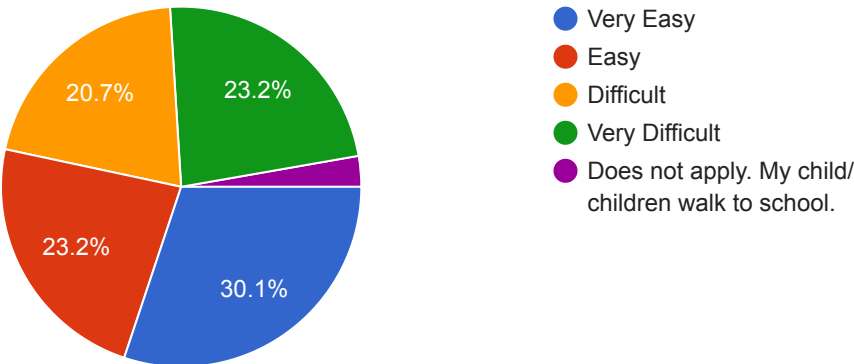

The Gettysburg Area School District will be 1:1 with Chromebooks for the 2020-21 school year (the district would have a Chromebook for every student). Knowing this, if we are in the Red Phase again and schools are closed, I would have the internet capability at home to support learning.

1,089 responses

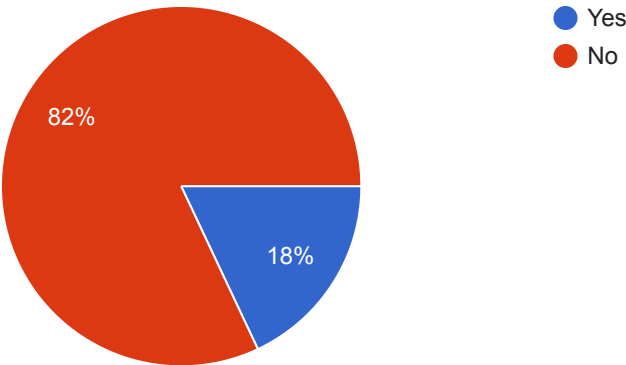

How difficult would it be to drive your children to school should the district receive guidelines limiting the number of students permitted on a school bus?

1,089 responses

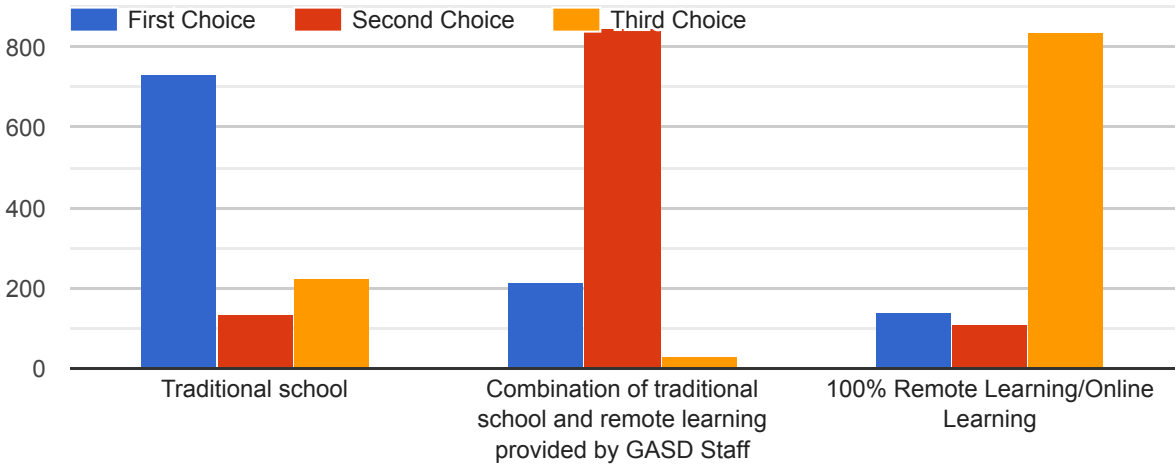

Does your child/children have an existing health condition that would prohibit them from attending traditional school in the fall of 2020? Or high-risk individuals: 65+, a chronic condition or anyone with a compromised immune system at home?

1,089 responses

Based on what you know now about COVID-19, rank in order of preference the way you would like to see GASD schools open in the fall.
