

# Gettysburg Area School District

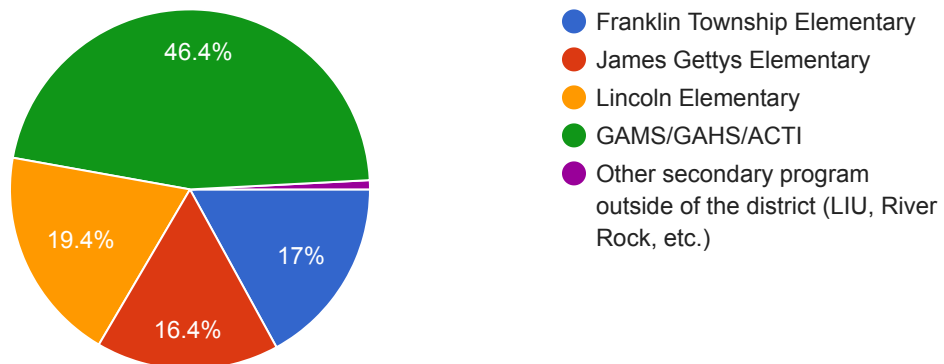

A Great Place To Learn

## Remote Learning Survey

Thank you for your assistance, support and perseverance over the past two months of remote learning. There are many successes to celebrate and challenges we will continue to overcome together. We wanted to check-in and get your feedback regarding remote learning. Please use this survey to share your feedback about the celebrations and suggestions you have for remote learning based on your experiences. We will utilize this feedback as our district works to improve experiences implementing remote instructional methods.

### My school children attend

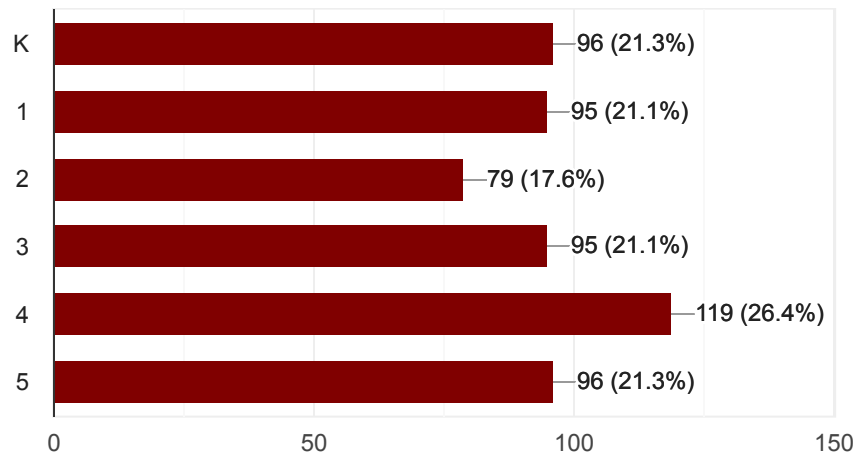

852 responses

## Remote Learning Survey - Elementary

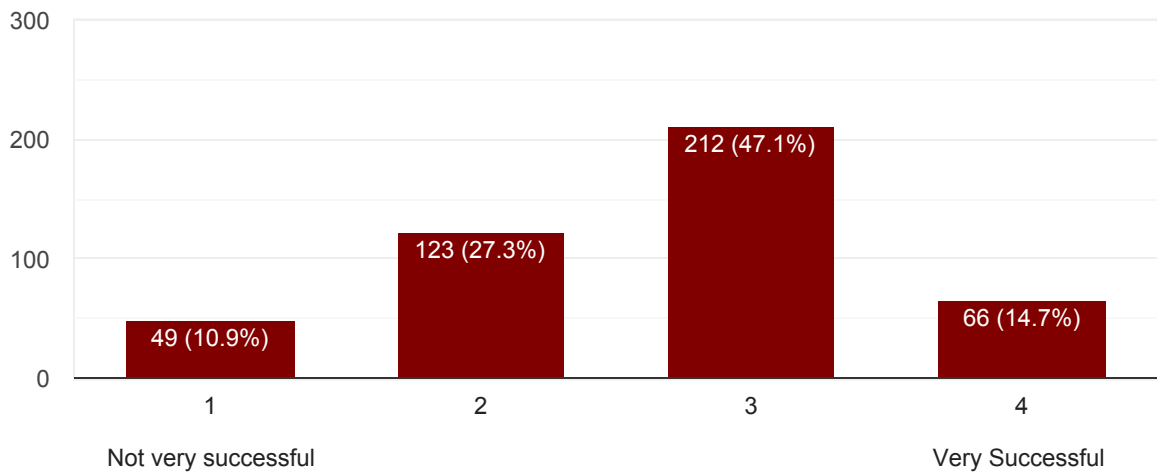

Please mark your child's grade level range. If you have more than one child, mark all that apply.

450 responses

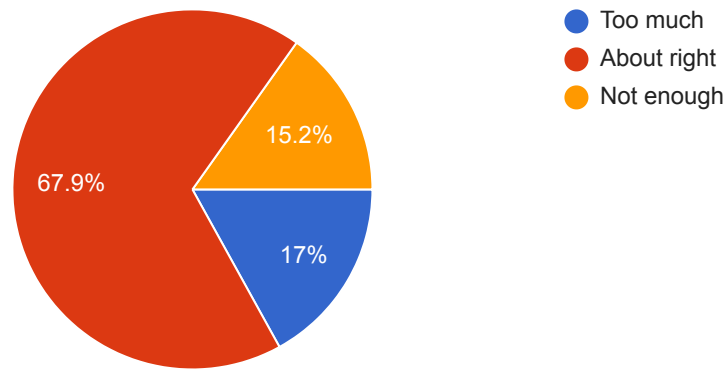

Please rate the success of online learning.

450 responses
